Profile

UI/UX Designer with hands-on experience designing responsive web and mobile applications. Proficient in user research, wireframing, prototyping, and usability testing using Figma and Adobe XD. Strong focus on user-centered design, accessibility, and creating clean, modern interfaces for tech-driven and sustainability-focused products.

Experience

UI/UX Design Intern

FEBNO TECHNOLOGIES

Kinfra, Calicut

RideMate | Bicycle Rental Mobile Application

- Designed end-to-end UI/UX for a bicycle rental mobile app, including map-based bike discovery and real-time availability.
- Created user flows, wireframes, and interactive prototypes to support booking, pricing, unlocking, and ride tracking.
- Applied eco-themed visual design principles to deliver a clean, intuitive, and user-friendly experience.

EcoDrive | Eco-friendly Electric Scooter Landing Page

- Developed a responsive landing page for an eco-friendly electric scooter start-up with a futuristic, tech-focused aesthetic.
- Utilized electric green and black colour schemes, modern typography, and visual hierarchy to strengthen brand identity.
- Implemented call-to-action sections and layout structure to improve user engagement and conversion.
